

Shipyard Resources

Orisson Shipyard is a subsidiary of Bullion Offshore Contracting Ltd. We do Ship building, Conversion and Repairs. We work with highly skilled hands. We dock vessels up to 2,000 DWT. For higher tonnage we use partner yards. We manage vessels. We also have technical partnerships with oversea component manufacturers for spare parts.

Bulk Carrier Cargo hold Cleaning

Our experience in Cargo hold cleaning cuts across bulk carriers that discharged various cargo like Fertilizer, White Cement, Clinker, Grains, Wheat, etc. We know the ship owners need for speed and cost savings in cargo hold cleaning to prevent time loss. We have the capability to rapidly mobilize personnel and equipment within 24 hours in any port in West Africa. We understand the cargo cleanliness requirements of the industry and how to prep the ship hold to receive any type of dry bulk cargo. Depending on client's budget and preference, we can mobilize equipment that includes de-scaling machines, hydro-blasters, pumps, hoses and more.

Crew boat Transport to location:

We can arrange crew boat to transport the cleaning crew and equipment from shore to cleanup location offshore.

Cargo hold cleaning with aid of mini pay loader

Project Case: Eleen Armonia

- **Discharged Cargo:** POP Cement
- **Background:** Bulk carrier discharged cargo at Ibeto terminal in Port Harcourt, Rivers State. Bulk carrier sailed to Anchorage 53, offshore Rivers state. Our staff team took a crew boat and sailed out offshore to execute the Cargo hold cleaning job. Our team worked 2 shifts, 24 hours. Work was completed within 4 days.
- **After delivery:** we arranged for disposal of the residue that was bagged in jumbo bags.
