

Shipyard Resources

Orisson Shipyard is a subsidiary of Bullion Offshore Contracting Ltd. We do Ship building, Conversion and Repairs. We work with highly skilled hands. We dock vessels up to 2,000 DWT. For higher tonnage we use partner yards. We manage vessels. We also have technical partnerships with oversea component manufacturers for spare parts.

Hull Cleaning

Marine fouling of vessel hull and vessel propeller is known to reduce vessel speed and surface paint integrity. Speed losses also contribute to higher fuel consumption. Our brush cleaning machines (both diver or ROV operated) can clean the hull fouling with optimum contact with the hull, so that paint losses are minimized. We can clean vessels afloat in any location, or dry docked in our shipyard.

For vessels with corroded hull, we will dry dock, then use any of grit, sand or water blasting to blast your hull depending on your budget. We also paint the hull to the highest quality standards.

We can clean ship hull in dry dock

We can use divers for underwater cleaning of ship hull

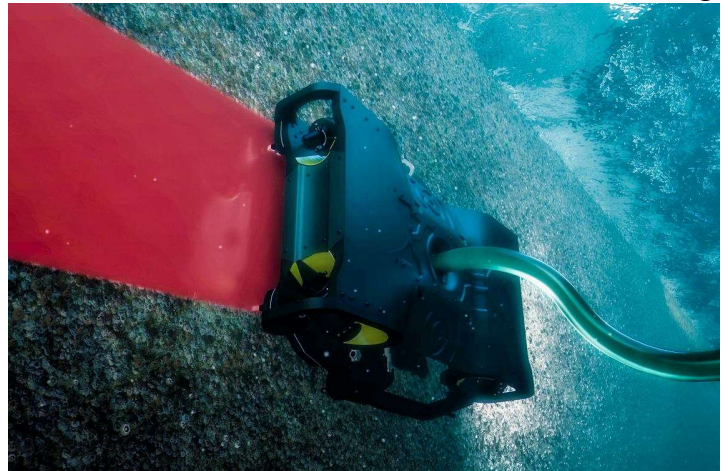

We can clean boat hull in dry dock or workshop

We remove bio fouling hull with water jet, underwater

We can use ROV Robotics for underwater hull cleaning

Other Ship Repairs services that we offer

- Dry docking services
- Afloat repairs in Seaport or in offshore location
- **Vessel Hull Cleaning, Blasting and Painting**
- Vessel Hull repairs and maintenance
- Class Surveys and Marine Warranty Surveys
- Safety equipment maintenance/recertification
- Bulk Carrier Cargo hold Cleaning
- Ballast tank Cleaning and treatment
- Engine procurement, Maintenance and Repairs
- Keel cooling system repairs and retrofit
- Sea cooling system (Sea chest, Heat Exch., etc)
- Piping & Structural fabrication / repairs
- Electrohydraulic Valve actuators
- Control Valves & Electrohydraulic actuator rep.
- Electrical winch & Deck machinery repairs
- Electrical and Navigation systems repairs
- Hydraulic Pumps and Ram Repairs
- Accommodation Ladder & Boat landing
- Stern Tube seal and Shaft Repairs
- Propeller & Rudder repairs
- Bow & Azimuth thruster repair & maintenance
- Turbocharger and governor overhauling
- Electrical works, repairs and maintenance
- Ballast Water Management System repair
- Ship Scrubber System Maintenance & Repairs
- Vessel Crane Repairs
- Oil drilling rig repairs
- Underwater structures repairs

Ship Hull Blasting & painting experience

Sand blasting of vessels, dry docked on slipway.

Hull repairs, Water blasting of vessel dry docked on slipway

Painting of Petroleum storage tank

Painting of vessel hull in the shipyard workshop / shelter.
